

Clinical Trial Observation Report

Trial ID: SC-2026-X

Date: April 22, 2026

Patient Demographics:

Patient Identifier: Michael T. O'Connor

Date of Birth: 1982-11-04

Provincial Health Card: 4432-888-111-XD

Clinical Observation:

The patient received an infusion of lab-cultivated stem cells at 08:30 AM. The cell lines were prepared using the proprietary CytoMatrix centrifugal filtration method, provided exclusively by BioTech Solutions Inc. under a strict Non-Disclosure Agreement.

Post-infusion, the patient exhibited mild fatigue but stabilized by 14:00. Vitals remained within acceptable parameters.

Attending Physician: Dr. Elena Rostova

Direct Pager: 416-555-8822
