

Vendor Audit and Compliance Summary

Date: May 1, 2026

Subject: Anomaly Detection - Apex Financial Systems

Contract ID: CTR-2025-998

Audit Findings:

This review was conducted by Senior Auditor Kenneth Lam. During the Q1 reconciliation, routine payments totaling \$1,250,400.00 were routed to the vendor's primary holding account (Transit: 004, Institution: 001, Account: 8854-3321-90).

Our automated compliance algorithms flagged an anomalous secondary transfer of \$45,000.00 routed to an unlisted offshore subsidiary. This transaction bypasses standard procurement routing codes and is currently under review by the Oversight Committee. All future disbursements to account 8854-3321-90 have been frozen pending review.
